

PM SHRI SCHOOL JAWAHAR NAVODAYA VIDYALAYA SURAT (GUJARAT)

INSTITUTIONAL PLAN 2026-27

**A UNIT OF NAVODAYA VIDYALAYA SAMITI
AUTONOMOUS BODY UNDER MINISTRY OF EDUCATION
(DEPT. OF SCHOOL EDUCATION AND LITERACY
GOVERNMENT OF INDIA)**

Introduction

In accordance with the 1986 national education policy, one Jawahar Navodaya Vidyalaya is to be established in each district of the country. The primary objective is to make it possible for children, most of who come from rural areas, to receive a high-quality education. These schools have, for the most part, been able to achieve academic excellence, instill cultural values, teach three languages, encourage an adventurous spirit, promote national integration, and ultimately work toward the children's holistic development.

Since its modest beginnings in 1986, when there were just two Vidyalaya's, the nationwide network of Vidyalaya's now spans 650 districts. The quality of the education provided in these Vidyalaya's is reflected in the academic performance of the Vidyalaya's X class students on the Board Examination. In order to guarantee that the students who graduate from the Vidyalaya will be able to contribute to society, these schools have been outfitted with cutting-edge educational technology. In recent years, the post-school profiles of students indicate that they are well-positioned in society.

Jawahar Navodaya Vidyalaya was established by the Indian government in accordance with the National Policy of Education (1986). The JNVs are present in 28 states and 8 Union Territories at the moment. These coeducational residential schools are entirely funded and run by the Indian government through an independent organization called Navodaya Vidyalaya Samiti. The Jawahar Navodaya Vidyalaya Selection Test is used to select students for admission to JNVs in class VI. Students of JNVs take the Central Board of Secondary Education's X class examinations. The medium of instruction is the mother tongue or regional language up to class VIII, followed by English for Math and Science and Hindi for Social Science. While tuition, housing, uniforms, and textbooks are provided for free by the school, a small fee of Rs. 600, children in classes IX to XII will need to be paid per month. However, fees are not due for children of SC/ST, girls, physically disabled, or families living below the poverty line. For the vacant seats in class IX, the NVS Headquarters in New Delhi has provided for lateral entry. The Jawahar Navodaya Vidyalaya Vankal, Dist. Surat, is a special instructive Organization. Its significance lies in the attempt to provide talented rural students from Surat District with a high-quality education and in selecting them as the target group. In the year 2019, this JNV was established at Maldha village at temporary site.

The purpose of this publication is to provide an inside view of various aspects of the PMSS Jawahar Navodaya Vidyalaya, Vankal, Dist. Surat.

From the Desk of Principal

I am pleased.....

I am so pleased to announce the Institutional Plan (IP) for the 2026-27, which has been prepared well and ready to roll out. The staff members have mustered their knowledge to present a great planning for the Vidyalaya. This will prove a well-trodden way for the institution.

All matters including Academics, Mess Management, CCAs, Remedial Work, Sports Activities, Exam Schedule etc have been given space in the plan. The planning will lead all functionaries in a right direction in order to do better in making good Indian Citizens.

- Institutional planning is needed for smooth functioning of school. Therefore, I hope we will adhere to all guidelines and directions mentioned in IP and reach a milestone success.

Wishing a bright future ahead.....

From the Desk of Vice Principal

It is a privilege to join PMSS Jawahar Navodaya Vidyalaya, Surat (Gujarat). Having spent thirteen years in the classroom and one years leading the administration of a premier Indian residential school, I know first-hand the transformative power of a boarding environment. Our legacy is strong, but our potential is greater. As we enter the 2026-27 academic year, our goal is absolute and non-negotiable: to establish this school as the undisputed benchmark for academic, co-curricular, and pastoral excellence in both the region and the state.

To reach the top, we will drive immediate action across three core areas, starting with academic rigor and innovation. We are shifting from rote learning to deep intellectual inquiry by equipping our teachers with advanced professional training and data-driven assessments, while providing our students with rigorous research projects, stream-specific mentorship, and structured competitive exam preparation built directly into our daily routine.

Simultaneously, we will revitalize our house and campus life, recognizing that a residential school thrives outside the classroom. We are injecting new energy into the House System to spark healthy competition in sports, arts, debating, and technology, while reinforcing a campus culture of firm discipline balanced with robust emotional support. Finally, we will cement an active partnership with our parents, treating you as vital stakeholders through streamlined, transparent communication channels and regular feedback mechanisms that keep you completely aligned with your child's progress and our rising institutional standards.

"Excellence is the result of high intention, sincere effort, and intelligent execution."

To my teachers, I ask for your highest professional standards and passion. To my students, I demand your focus, grit, and the courage to dream big. To our parents, I thank you for your unwavering trust. The blueprint is set, the energy on campus is high, and our collective journey to the top begins today.

Warm regards,

(Sh. Anil Kant)
Vice Principal

Implementation of NEP – 2020

National Education Policy lays particular emphasis on the development of the creative potential of each individual. It is based on the principle that education must develop not only cognitive capacities -both the ‘foundational capacities’ of literacy and numeracy and ‘higher-order’ cognitive capacities, such as critical thinking and problem solving – but also social, ethical, and emotional capacities and dispositions. The rich heritage of ancient and eternal Indian knowledge and thought has been a guiding light for this policy.

The Fundamental Principles of the Policy:

- Recognizing, identifying, and fostering the unique capabilities of each student, by sensitizing teachers as well as parents to promote each student’s holistic development in both academic and nonacademic spheres.
- Flexibility, so that learners have the ability to choose their learning trajectories and programmes, and thereby choose their own paths in life according to their talents and interests;
- No hard separations between arts and sciences, between curricular and extra-curricular activities, between vocational and academic streams, etc. in order to eliminate harmful hierarchies among, and silos between different areas of learning.
- Multidisciplinary and a holistic education across the sciences, social sciences, arts, humanities, and sports for a multidisciplinary world in order to ensure the unity and integrity of all

knowledge;

- Emphasis on conceptual understanding rather than rote learning and learning-for-exams.;
 - Creativity and critical thinking to encourage logical decision-making and innovation;
 - Ethics and human & Constitutional values like empathy, respect for others, cleanliness, courtesy, democratic spirit, spirit of service, respect for public property, scientific temper, liberty, responsibility, pluralism, equality, and justice;
 - Promoting multilingualism and the power of language in teaching and learning;
 - Life skills such as communication, cooperation, teamwork, and resilience;
 - Focus on regular formative assessment for learning rather than the summative assessment that encourages today's 'coaching culture'
-
- Extensive use of technology in teaching and learning, removing language barriers, increasing access for Divyang students, and educational planning and management;
 - Respect for diversity and respect for the local context in all curriculum, pedagogy, and policy, always keeping in mind that education is a concurrent subject;
 - Full equity and inclusion as the cornerstone of all educational decisions to ensure that all students are able to thrive in the education system;
 - Synergy in curriculum across all levels of education from early childhood care and education to school education to higher education; Teachers and faculty as the heart of the learning process – their recruitment, continuous professional development, positive working environments and service conditions;

- ✚ To ensure that all the students of Navodaya Vidyalaya attain a reasonable level of competency in three languages as envisaged in Three Language Formula to develop National Integration.

- ✚ To serve, in each district, as focal point for improvement in the quality of school education in general, through sharing Experience and facility.

- ✚ To inculcate scientific attitude and awareness of information Technology in students.

Role of Teacher

As far as the role of a teacher is concerned in Navodaya, it is very important. Only teaching does not matter in Navodaya. JNVs are residential and co-educational schools.

Therefore, the role of teachers in Navodaya goes beyond expectation. Teachers are assigned duties to take care of students, their safety and security.

Along with this, they are fully responsible for their comfortable stay in JNV. It is also required for teachers to inculcate life skills and values in students by being role – models for them. Teachers need to escort students to nearby hospitals in normal and abnormal conditions. JNV is a family and therefore each and everybody has to bear different responsibilities during their stay.

More than that, all the staff members need to follow the Principal's orders to the word to reach the Samiti goals. Academic excellence, students' physical fitness, sound mind and disciplined behavior are key features of JNVs.

Migration Duties, Cluster Sports Meets, Regional Sports Meets, and Cultural Meets are also organized in NVS, where teachers play key roles in organization and execution of planned tasks.

Infrastructure

JNV Surat owns the new infrastructure which enables administration to provide all basic facilities to students and staff.

1. Digital Classrooms with internet connection

Selection Process

Selection of students is one of the core processes in JNVs. Therefore, it has been very transparent and is totally handled by the CBSE. The entrance exam for students is known as Jawahar Navodaya Vidyalaya Selection Test tagged with the year of selection like JNVST – 2026 etc.

The students learning in 5th class in the district are eligible to appear the JNVST. The registration site is kept opened for 1 to 2 months for registration. At the end, more than 6000+ students normally get registered with the site.

The exam is scheduled by the CBSE. It is conducted strictly under the keen observation of the District Education Officer at block level for candidates' convenience. T

The result is declared after 1 to 1½ months of conduct of exam. 80 students get admission in JNV for their bright future. These students stay in school for 7 years for their holistic development.

Note: At-least 10% of the questions on the pattern of competitive exams questions pertaining to the subjects should be the part of the question paper in Internal Assessment (20 Marks) (Class IX & X)

(i) Pen Paper Test (05 Marks):

The school should conduct periodic written tests in the entire academic year and the average of the best two for class X and best in each term for class IX will be taken. The schools have the autonomy to make its own schedule. However, for the purpose of gradient learning, three tests may be held as one being the mid-term test and other

the two being pre mid-term and post mid-term with portion of syllabus cumulatively covered. The gradually increasing portion of contents would prepare students acquire confidence for appearing in the Board examination with 100% syllabus. For class X the school will take the average of the best two tests for final marks submission.

(ii) Multiple Assessment (05 Marks):

Strategies to be used includes; quizzes, oral test, concept map, exit cards, visual expression, self and peer assessment, collaborative projects, experiments. Classroom demonstration etc.

(iii) Portfolio (05 marks):

It includes Class work plus peer assessment, self-assessment, achievements of student in the subject, reflections, narrations, journals, etc.

(iv) Subject Enrichment Activities (05 Marks):

These are subject specific application activities aimed at enrichment of the understanding and skill development. These activities are to be recorded internally by respective subject teachers.

For Languages: Activities conducted for subject enrichment in languages should aim at equipping the learner to develop effective speaking and listening skills.

For Mathematics: The listed laboratory activities and projects as given in the prescribed publication of CBSE/NCERT may be followed.

For Science: The listed practical works / activities may be carried out as prescribed by the CBSE in the curriculum. For Social Science: Project work may be undertaken as prescribed by the CBSE in the curriculum.

Co-Scholastic Activities:

Assessment of Art education and health & Physical Education may be continuously done by

collecting information, reflecting on and using that information to review children's progress and to plan future learning experiences. The documented data after interpretation should be reflected in the report card of the children in the form of grades. In the scheme of assessment, these activities will be graded on a 5-point grading scale (A to E) for classes IX-X and will have no descriptive indicators. The students shall be assessed on two areas i.e. Art Education, Health and Physical Education. Work Experience is subsumed in the Physical and Health Education. No up scaling of grades will be done. While the students are engaged in the core areas like: Health and Physical Education and Art Education, the process is as important as the product. Hence the assessment in these areas should take account of both aspects. The basis of assessment has been suggested below:

Area	Product	Process	Grading Scale
Health & Physical Education including work experience	Overall fitness	Participation, team spirit, commitment and honest efforts.	A to E
Art Education	Expression, creativity and	Aesthetics Appeal	Participation, creative process,
SEWA	Helping and caring nature	Community service, participation in pace setting activities, Sharing of articles, participation in shramdaan, participation in swachhataabhiyaan, participation in PoshanAbhiyanetc	A to E

Assessment of compulsory Areas

General Studies, Health and Physical Education should be done continuously by collecting information, reflecting on and using the information to review children's progress and to plan future learning experiences. The documented data, after interpretation should be reflected in the Report Card in the form of Grades. The concerned teacher should make an objective assessment of the level of performance/participation demonstrated by student throughout the academic year and finally assigned grades.

Grading for Assessment of General Studies:-

Grade	Description
A1	Top 1/8th of the passed candidates
A2	Next 1/8th of the passed candidates
